

Building the Future: Connecting Tomorrow's Talent with Today's Construction Leaders

Industry PATHWAYS CAREER EXPERIENCE

SkillsUSA Illinois, in partnership with the Youth Workforce Development Foundation, is excited to present the third annual Construction Pathways: Career Experience. This event, open to schools statewide with a special focus on Central Illinois, will bring construction employers from across the region who are eager to hire young, talented individuals. The goal of this annual event is to connect students ready to enter the workforce with industry professionals looking to hire.

WHEN: November 8, 2024

WHERE: Caterpillar Demonstration and Learning Center

5801 N Smith Rd,
Edwards, IL 61528

EVENT DETAILS:

- **Connect with Employers:** Engage with a diverse group of employers in the construction industry to explore employment opportunities, understand current industry needs and trends, and identify growth pathways for future professional success.
- **Develop Employability Skills:** Attend workshops and complete activities to enhance your understanding of both personal and technical skills required in the construction field. On-site activities will be interactive, with prizes available for participants.
- **Build a Plan for the Future:** Discover how to position yourself for professional and personal success. At this event, you'll learn about pre-apprenticeship and apprenticeship opportunities and receive resources to create a plan to achieve your career goals.

Registration Information

Registration closes on October 16th; instructions on how to register can be found on [SkillsUSAIllinois.org/career-experiences](https://www.skillsusaillinois.org/career-experiences)

A finalized event schedule will be posted after registration closes.
